The McClymonts

ANNOUNCE 2011 NATIONAL TOUR DATES

See Australia's country music sensations – Live In Concert

The McClymonts have announced their national tour dates today from a snow covered Nashville TN where they are writing songs for their 3rd album with a number of Nashville's most successful writers. The group's producer, Nathan Chapman, who also produces Taylor Swift's albums, is guiding these writing sessions with the girls.

2010 was an amazing year for The McClymonts. In January they released their 2nd album, *Wrapped Up Good*, which achieved Gold sales in 10 weeks and entered the ARIA charts at #2 – behind Susan Boyle. The first 3 singles *Kick It Up*, *Wrapped Up Good* and *Hearts on Fire* went to number one on the country charts. In the wake of the release of *Wrapped Up Good* their debut album *Chaos and Bright Lights* also went Gold.

As 2010 came to an end The McClymonts were awarded the ARIA for Best Country Album of the year and performed at the televised event with the legendary INXS.

A few weeks after this award The McClymonts were announced as finalists in 5 categories at the Australian Country Music Awards including Album of the Year, Single of the Year, Group or Duo of the Year, Video Clip of the Year and Vocal Collaboration of the Year. The girls took home the award for 'Group or Duo of the Year', their sixth Golden Guitar.

With their exquisite three-part harmonies, soaring vocals and stunning onstage presence, it's not surprising that The McClymonts have become the hottest new act in Australian country music and fast becoming the talk of the industry in the USA. Don't miss The McClymonts live in concert and see why the entire country music world is talking about them.

A Woman is a Flame, the fourth single from *Wrapped Up Good* is at radio now.
