

BLACK MUSTANG HIT THE ROAD WITH THEIR OWN BRAND OF SWEATY ROCK N ROLL

LOADED GUN ALBUM TOUR DATES

With the release of their second full length album *Loaded Gun*, Brisbane rockers Black Mustang are gearing up for a rockin' Australian tour.

Loaded Gun, released on July 15 on Plus One Records through Shock, is the epitome of a classic Aussie rock record. With the new single "Ain't Going Down" at radio "Loaded Gun" is set to encapsulate a more diverse sound while still providing the indie garage rock anthems & dynamic live show through which Black Mustang have earned their reputation.

A string of tour dates will see Black Mustang traverse the East Coast, adding more tour dates as the months progress. Joining them for the East Coast leg of the album launch will be Byron Bay favourites "The Black Stars", who will be also be taking in Lenox Heads, Lismore, Maitland, Sydney, Melbourne & many more to be confirmed. The band will also open for Wolfmother in Brisbane in August.

Black Mustang don't need an introduction to rock audiences, they've already earned their stripes and acclaim in the Oz rock genre. Having burst onto the Brisbane live scene in 2004, Black Mustang have played and toured relentlessly covering all corners of Australia while earning a reputation as Brisbane's own garage rock stalwarts. Developing their dynamic live show they released their debut self-titled 6-track EP "*Black Mustang*" in 2007 and quickly followed up with their debut full length album "*Between the Devil and the Deep Blue Sea*" in 2008.

Black Mustang went on to open shows for critically acclaimed Australian acts like The Angels, Lime Spiders, The Stems, Six Ft Hick, Tame Impala, British India, 67 Special and The Celibate Rifles. With a line-up change early 2010, a rejuvenated Black Mustang having acquired a new guitarist commenced writing the follow up to "between the devil and the deep blue sea", as well as joining "The Angels" again for a run of shows in North Queensland.
